REGISTRATION PROCEDURES

1. Registration begins with the student's adviser. The student must secure from his adviser a Registration Approval Form. This form has a place for the adviser to list courses approved for spring quarter. The student will select the section number for the courses listed and fill in the remainder of the form.
2. The student will take his Registration Approval Form to the Registration Center. All cards will be picked up from the Registration Center on presentation of the Registration Approval Form, with the exception of course cards already secured from the department chairmen or instructors in sequence courses. Each instructor of a sequence course will give the students an opportunity to take a course card for spring quarter. Acceptance of the course card by the student is voluntary.
3. Students will not write their name on Class Admission Cards secured from instructors of sequence courses. In the event the student wishes to turn these cards in at the Registration Center, these cards can be used. Names will be written on Class Admission Cards at the Registration Center before the student reaches the checker.
4. After the course cards are secured, the registration packet and course cards will be checked and collected by checkers.
5. All students on campus are expected to register during the registration period February 14 through 23.

COMPLETION OF FORMS

1. Fill in all blanks on information card, permit to pay fees card, temporary locator card, academic information card, and program card.
2. Fill in the left hand portion of the fee card with a ball point pen.
3. Follow directions printed on the library card.
4. Follow directions printed on the motor vehicle card.
5. All new and returning male students fill in draft cards.

CLASS ADMISSION CARD

Students will receive two course cards for each registered course. One course card will be turned in with the packet and used by the Registrar's Office. The other course card, Class Admission Card, must be kept by the student. The student must present the Class Admission Card to his instructor at the first class meeting.

DROP-ADD PROCEDURE

To add a course, a student has to secure permission and the drop-add form from his adviser. The drop-add form is taken to the Registrar's Office to pick up a new course card and Class Admission Card. The Class Admission Card must be taken to the instructor of the class added before the student will be admitted to class.

To drop a course, the student must get the approval of his adviser. (A drop-add form is obtained from the student's adviser.) The student must secure the Class Admission Card from the instructor involved and take it and the drop-add form to the Office of the Registrar.

#### APPLIED MUSIC COURSES

All students taking applied music courses must have these courses approved by Dr. Spencer. After Dr. Spencer indicates approval on the Registration Form, course cards will be issued at the Registration Center.

#### STUDENT LOAD

Graduate students may not take more than 15 hours. Undergraduate students may not take more than 19 hours without the approval of the Registrar.
